Alberta Coal for Ontario

The initial shipment of 25,000 tons of Alberta coal to Ontario points, under the arrangements arrived at between the Alberta government, Dominion government and Canadian National Railways, will be commenced shortly following the return of Trade Commissioner Howard Stutchbury from the East. An arrangement has been made between the Alberta government and the C.N.R. whereby the initial shipment of 25,000 tons will be made to prove the freight rate at which coal can be carried. The Dominion government has agreed to bear the difference between a \$7 a ton rate and the actual cost of carrying the coal, provided there is a difference. The costs will be checked by an expert in behalf of the Provincial government and W. P. Hinton, former vice-president of the Grand Trunk Pacific railway in charge of traffic, will do the work. The C.N.R. has agreed to carry the coal at actual out-of-pocket operating costs. Orders have been received for more than 2,000,000 tons from Ontario, and if the arrangement works out satisfactorily to all concerned, there will be considerable market for the Alberta product. The trial shipment will include coal from Drumheller, Clover Bar, Pembina, Wabamun, Three Hills and Saunders Creek.

Newsprint from Strawn

The investigation which has been made by the Provincial government during the past year or more in the possibility of manufacturing newsprint and other classes of paper out of spruce has proceeded to the stage where Premier Greenfield has decided to have an expert visit the matter. Tests made for the province in eastern laboratories have proven so successful that it is deemed advisable to have a visit from an expert. It is estimated that a plant which would handle 25 tons per day of the coarser products would cost \$200,000, and it is hoped to interest capital in the project.

Alberta Represented

Alberta women will be represented at the International Council of Women to be held in Washington D.C. shortly, by Hon. Mrs. Paribby, Minister without Portfolio in the Alberta government and by Mrs. R. B. Goun, president of the United Farm Women of Alberta. Mrs. Paribby will take part in the discussion which is to be held on the community property bill which she introduced into the Alberta house, and which was held in abeyance until a later session in order that all opinions and views might be obtained upon it. The Act definitely establishes community property rights as between husband and wife.

Livestock Board

Organization of the Alberta Provincial Livestock Board was completed the past week with J. G. Clarke of Irma as president; J. C. Yule, of Carstairs as vice-president; S. G. Carlyle, Livestock Commissioner as secretary; the presidents of the four livestock breeders associations in the south and the four in the north with the secretary of the two associations as directors. Four directors at large were named as follows: J. L. Walters, Glue; Angus McDonald, Ray; A. R. Cross, and G. H. Hutton of Calgary.

Greenfield in Ottawa

Premier Greenfield left last week for Ottawa where he will be in conference in connection with the natural resources, the Peace River railway, and other matters.

Indian Celebration at Macleod

The biggest "Pow-wow" ever held by the Indians of the North American continent will be held in Macleod, Alberta on July 1st, 2nd and 3rd, when over five thousand Indians from tribes all over Canada and America will meet together to discuss matters pertaining to their laws and regulations.

Arrangements are now made for the holding of a big Indian Pageant, which will clearly demonstrate to their white brothers and sisters the wonderful advancement the Indian of North America has made during the last century, both in custom and education. Thousands of Indians from the Bloods, Blackfeet, Peigans, Crows, Crees, Stonies, Sioux and representatives from the Six Nations in the East, will take part in this historic and picturesque pageant.

There will be an exact representation of the great battle of "Whooop-up" which was fought near Macleod and Lethbridge between the victorious Blood Indians and the Crees, one of the bloodiest massacres ever known in Indian history. The storming and burning of blackbills and forts, the stage hold-ups so prevalent before the coming of the North West Mounted Police, the escapades between whiskey runners and Indians, all these will be given on different days of the celebration.

Studies in Citizenship

The book, "Studies in Citizenship" commenced by the late James Craig of the Provincial government, before his death, has now been completed by G. W. Gorman, of the education department, and others, and will be put into use in grades 6, 7 and 8 in the Alberta schools.

Say you saw it in the News.

billiards

POOR PROSPECTS FOR COMPLETION OF H.B. RAILWAY

Winnipeg.—The OMAHA correspondent of The Manitoba Free Press says: "During the past six weeks there has been a remarkable change in the prospects for the completion of the railway to Hudson Bay."

"Advocates of the railway in the Progressive group, as well as western cabinet ministers, were optimistic early in the season of obtaining an adequate vote for the completion of the line."

"Now, however, the situation appears to have changed entirely. There even is doubt that the usual vote of \$250,000 will be forthcoming for maintaining the present track, although there has been no official intimation upon which to base these opinions. Cabinet ministers are not as favorable as formerly."

"In an interview, Andrew Knox, M.P., one of the chief advocates of the railway, declared that the prospects of obtaining action at this session of parliament appeared very remote."

Canada's Merchant Marine Loss

Million and Half for 1924 Without Accrued Interest

Ottawa.—The Canadian Government Merchant Marine had an operating loss last year of \$1,038,000, or \$422,132 less than the loss in 1923, according to the annual report of Sir Henry Thornton, laid in the House. It is the operating loss, including interest accrued, amounting to \$1,466,144, and depreciation, amounting to \$2,295,244, the loss for the year coming to \$5,383,609.

This total deficit of \$5,383,609 is \$522,061 less than in 1923.

The report, in reference to the total loss for the year, adds this note: "In order to avoid any misunderstanding, it may be well to call attention to the fact that this amount includes more than \$4,000,000 for interest still charged against the company on its loans, in favor of the Dominion Government, and nearly \$3,000,000 for depreciation. Each of these items is calculated on the original value of the assets of the fleet."

Research Pot Given To Vancouver Graduate

Hugh Kenneyville Named Secretary of World Peace Council

Hugh Kenneyville, a University of British Columbia graduate in arts, has been appointed research secretary of the American National Council for the Preservation of World Peace. Mr. Kenneyville specialized at Vancouver university and has held fellowships in several other universities, being professor of modern history for two years at the University of Sydney.

His duties will involve research into subjects as to the origin of wars, the development of international law, and international law. His headquarters will be in Washington, D.C.

Would Cancel Fire Insurance

Plan Suggested By Fire Preventive Association to Punish Negligence

Ottawa.—Cancellation of all fire insurance benefits to persons who, through their own negligence, are responsible for fire is to be urged upon all provincial governments by representatives of the Dominion Fire Prevention Association. It was also urged that the federal, provincial and municipal governments install automatic fire systems on all public buildings.

This provincial government makes it compulsory for all municipalities to install adequate fire extinguishing equipment and that all isolated rural farm property be provided with at least one chemical extinguisher or portable hand-pump of approved type for fire extinguishing purposes, was also urged.

Pay Wembley Expenses

Proclamation.—The New Brunswick Legislature has passed an estimate for \$15,000 for the provincial exhibits at Wembley Exhibition this year.

Would Harness Tides

Proclamation.—The New Brunswick Legislature may be asked at its present session to give approval to a plan for the harnessing of the tides of the Bay of Fundy, in Passamaquoddy Bay.

Celebrate Ypres

Ottawa.—Survivors of the "First Thirty Thousand," the "Red Chertem Association," celebrated the tenth anniversary of the second battle of Ypres at a banquet here, April 22.

Future Peace In Europe

Should Be Based On Goodwill Thinks Sir Eamonn Howard

Princeton, N.J.—Reasons for Great Britain's rejection of the Geneva protocol for compulsory arbitration of international disputes and hopes held out for future peace in Europe by means of the security pact proposed by Germany, were outlined by Sir Eamonn Howard, British ambassador to the United States, in an address before the English-Speaking Union.

"It is impossible to say now," he asserted, "how the security pact discussions will end, but we can at least all hope that they may lead to a settlement by agreement and to the establishment of a peace, not dependent upon huge and ruinous armaments, but based on goodwill and common sense."

"If that comes about," Sir Eamonn continued, "the most difficult conference will not be long in coming. Of that we may be sure. If, on the other hand, this hope also fades away, then we shall be long in coming to see any other alternative than the maintenance of our national security, and what I want to call it security by force of arms and military alliances, which will make crushing taxation, financial ruin and the inevitable armageddon in the end."

Cape Breton Mine Strike

International Behind Miners In Fight To A Finish

Sydney, N.S.—"We have the full support of the international union, and are more determined than ever to carry the struggle through to a successful conclusion," was the statement made by President J. W. McLeod, of District 25, United Mine Workers of America, in an interview, in which he announced the receipt of formal notice from International Union of Mineworkers of America, that the full support of the international organization had been placed to the credit of the district for immediate use, and that a full meeting of the district would be held at Glace Bay to decide on the most efficient method of distributing the strike among the miners of the district.

Request Action On Peace Rail Outlet

Vancouver Board of Trade Asks For Immediate Report

Vancouver.—Insistence that the Federal Government should obtain from railway heads of Canada their report and recommendations on such a subject for the Pacific coast, was the result of a resolution passed by the Vancouver board of trade.

By resolution of the board, it is shown in one part the consolidated debt, with its increases or decreases, and in another part any increase in the cost of the Pacific River in relation upon the government function.

Decrease In Export Of Canadian Wheat

Thirty Per Cent, Lower Than In March, 1924

Ottawa.—Canada's wheat exports in March, 1925, were about 29 per cent of the exports in March, 1924. Last month 1,452,513 bushels of wheat went out of Canada. In March, 1924, 15,446,100 bushels were exported. Exports of flour were only slightly lower, or 1,297,819 barrels, compared with 1,285,240 barrels in March, 1924. Exports of barley were higher and of oats and rye somewhat lower. In the eight months ended March 31 last wheat exports totalled 104,211,620 bushels, compared with 204,861,626 bushels in the previous corresponding eight months.

Chemical Warfare

Deadliest Wars Are Now Predicted For The Future

Ottawa, Neb.—Something approaching "deadliest wars" are now being the order, in the opinion of Major-General Amos Fries, chief of United States army chemical warfare service. Chemical warfare, the general said, is being developed along the lines of incalculating great cities and their populations rather than securing sudden gains of life.

Manitoba Taking No Action

Winnipeg.—No action will be taken by the Manitoba Government in connection with the fruit combine recently investigated by the Dominion authorities, according to a decision reached at a cabinet meeting. The cabinet decided it was solely a Dominion Pacific S.S. "Market" affair, as most of the evidence was heard outside this province.

Alberta Ranchers To Engage In Dairying

Bellefleur, Ont.—Hundreds of believing Holstein breeders are being brought up in Hastings County for shipment to Alberta. These ranchers are going into dairying in earnest. One Alberta company, it is said, has already purchased some yearlings on a farm near Stirling, ready for shipment, and it is stated that five hundred more will be shipped out of the Minto section. The buyers are in various parts of the country where the black and white predominates. They are going in for milk producing, according to a Belleville man interested in the beef and dairy business. Some bulls are also being bought.

Trying To Discontinue "Picture Bride" System

U.S. and Canadian Authorities Shut Down on Scheme

Washington, D.C.—United States and Canadian authorities, according to a statement by Commissioner General Hubbard, of the Immigration service, are trying to break up the "picture bride" system of bringing Greek girls into this country via Canada. It appears that a Greek woman named Anna and married to a United States citizen, and then brought to the United States. Both Canada and the Immigration authorities here are shutting down on the scheme.

PREFERABLE TO KEEP SEPARATE RAILWAY LOANS

Ottawa.—Differing sharply from critics of the budget, Herbert Marsh, Liberal, St. Lawrence, St. George, Montreal, held, in the House, that the financial statement presented by Hon. J. A. Robb, acting minister of finance, was "clear to analyze and clear in its effect."

"He did not agree that railway loans should be included in the total of consolidated debt. Operation of the National Railways had been an economic conservative matter for the people of the Dominion, but while our railway debt was a debt of the Dominion, Mr. Marsh, however, it was another matter that it should be included in the consolidated debt."

For one reason, Mr. Marsh argued, the question of public ownership was not a question of the consolidated debt, it was terminated, "It would be distinctly preferable to have as large a part as possible of our railway debt kept separate from our other financial dealings." He submitted, however, that the public should be given every opportunity of the combined debt, showing in one part the consolidated debt, with its increases or decreases, and in another part any increase in the cost of the Pacific River in relation upon the government function.

Mr. Marsh estimated that in the last six years the Dominion had put out \$25,000,000 of new money in various ways. "Member who are so much in favor of public ownership," he added, "who desire extensions and costly improvements will pause for a moment and consider how long we can keep this pace—or how any of them can expect decrease in our taxation if this yearly expenditure is continued." The only way to reduce taxation was to spend less.

Antarctic Again Calls Commander Horton

The "wandsworth" has again asked upon Alexander Horton, M.A. Horton, B.N., F.R.G.S., who was, it will be remembered, a chief engineer with the last Scott expedition, when in 1913 the famous explorer perished, with his companions, in the ice reaches of the Antarctic continent.

Time Commander Horton will accompany Discovery, under Captain J. R. Stenhouse, on a journey to the Shetland Islands, in search of scientific data. The vessel is now refitting at Portsmouth and is expected to leave there early this summer and to call at the Falkland Islands for supplies in October before the voyage into the frozen nations commences.

Commander Horton recently came to Canada on the Canadian Pacific S.S. "Empress of Asia" from Shanghai, where he was posted on a short naval appointment, enroute for England and left the Dominion on the Canadian Pacific S.S. "Market" from St. John. He has taken part in several other Pacific explorations, notable among which are the last Scott expedition and Shackleton's Antarctic voyage in the "Quest."

Condemns Dole System

SIR JOSEPH COOK

Australian High Commissioner in London, in France, is denouncing condemnation of the dolo system obtaining in England.

Deny Doukhobors Hurt By Police

Did Not Use Unnecessary Force Says Inspector

Nelson, B.C.—Informed over the long distance telephone that the Doukhobors were demanding a commission of inquiry into the trouble at Grand Forks and were alleging that women and children had been beaten by government officials, Inspector W. R. Dunwoody, at Grand Forks, made the following statement:

"It was in personal charge of the operation of seizure of all Doukhobor property, and at no time was any more force used than was necessary in securing the distress warrants. The fact that a large number of women had gathered and endeavored to block the way. Thirty or forty of these had to be lifted out of the way to permit entry. Men rushed in and tried to help the women block our getting in, and they also had to be removed, and were put in behind the fence. We tried not to hurt anybody and I can say that nobody was hurt."

Prince Enjoyed His Visit To Nigeria

Perfected Far Into Interior and Received Native Chiefs

Lagos, Nigeria.—Concluding his memorable visit to Nigeria, during which he penetrated far into the interior and received the native chiefs, the Prince of Wales left Lagos on the British cruiser Regent in celebration of his southern voyage.

He was enthusiastically cheered by a large crowd upon his departure. The Prince found his trip through Nigeria interesting and enjoyable, in spite of the great heat encountered. There was an impressive military display as he boarded the Regent.

Many Applicants For Job

Lagos.—More than 200 applications, including those from an army general and a holder of the Victoria Cross have been received in the position of chief marshal, whose chief duty is to wear a gorgeous uniform and ride a gallant steed at the side of the state coach whenever the lord mayor goes forth. The salary attached to the position is only £300. The appointment will be made next month.

Installing Radio Compass

Inaugurates New Era in Navigation of Great Lakes

Alpena, Mich.—Installation at the lightship tender, Anconite, here, a radio compass marks when shipping men generally regard as the inauguration of a new era in vessel navigation of the Great Lakes. Similar radio compass stations are to be installed at the more important lightships of the lake. During times of poor visibility, each station will send out a distinctive radio call for the guidance of vessels.

Another Restriction Removed

Moscow.—The Soviet Government has removed a further restriction to the passport by agreeing to allow them to employ salaried laborers on their farms. Furthermore, this was facilitated, as the present Soviet law stipulates that no one shall possess more land than he is able to work himself.

Sheep From Royal Ranch

North Portland.—Five sheep valued at \$250,000, which were the property of Wales, High River, Alberta, were shipped through this port to L. W. Cutler, Lillo, B.C., recently.

Sapiro Files Suit Against Henry Ford

Detroit.—Henry Ford and the Dearborn Pub. Co., of which he is owner, were named defendants in a \$100,000 suit filed in the United States district court by Aaron Sapiro, originator of a plan of co-operating marketing for farmers. Sapiro alleges that articles defamatory to his character have appeared in the Dearborn Independent. The articles, the declaration alleges, charge Sapiro with being one of a conspiracy of Jewish bankers, who seek to control the food markets of the world.

Dates Arranged For Alberta Coal Probe

Investigation of Inquiry Will Be Held

Edmonton.—After having secured a great mass of documentary evidence during the past few months, on the condition of the coal industry in the province, the Alberta coal commission, composed of H. M. E. Evans, chairman, and Frank Whistler, have decided fixed dates for their inquiry in different parts of the province, during the month of May. The dates are: May 5 to 8; Calgary, May 11 to 13; Drumheller, May 14 to 15; Lethbridge, May 18 to 20; Banff, May 21 to 23.

It is possible that at a later date supplementary hearings also may take place in two larger cities and possibly at other points.

JUGO-SLAVIA HAS NO DESIGNS ON BULGARIA

Belgrade.—The Jugoslav Government has issued a note vehemently protesting against reports regarding Jugoslav which claim that it has designs on Bulgaria.

The note says these reports are the effect that a terrorist campaign is being carried on in Bulgaria by its western neighbor, that is to say, Jugoslav, to put the frontier and occupy Bulgaria.

The note affirms that Jugoslav always has maintained the best relations with Bulgaria, notwithstanding plans of brigands from Bulgaria are heard for under the eyes of official Bulgaria.

Three Labor members of the British Parliament who arrived from Sofia, Bulgaria, declared that they were convinced several hundred persons were killed without trial, and on the mere presumption, after the event, block explosion in the cathedral at Sofia.

Those who arrived were J. C. Wedgwood, W. Macdonald and P. D. Malone. They were in Sofia at the time of the bomb outrage and during subsequent events.

"From the equality of information which we obtained," they said, "we are convinced that several hundred persons arrested were killed without trial, and on the mere presumption. We employed all the influence at our disposal to induce the government to prevent the massacres from mass arrests and women apprehended in the course of the recent police operations. Thousands of persons arrested of Communist tendencies or of belonging to the Left, Socialists were held in custody."

Will Build Pullman Airplanes

To Be Used For Trans-Continental Commercial Flights

Chicago.—Plans for the construction by the Pullman Company at Pullman, Ill., of fleets of all-transport airplanes for service in trans-continental commercial air flight, have been revealed by the chief engineer of the company. It has been decided, he said, to operate the planes along the same lines as Pullman sleepers are run in railroad traffic. The craft would be manned by Pullman engineers but operated by pilots of leasing concerns.

Three Times In Three Rivers

Three Times In Three Rivers will have three different hours this summer.

Among the manufacturers, daylight saving time will be in effect from May 2 to September 27. The city council has decided to have daylight saving time from June 15 to September 2.

On the other hand, standard time will remain in effect for one year in most religious congregations.

Left For Grain Bandit Chief

Winnipeg.—Joseph Moun, alleged "brains" of a province-wide grain bandit ring, said to be responsible for wheat thefts totaling hundreds of dollars, was sent to jail for one year when he pleaded guilty to the charges against him in provincial court.

Leaving For U.S.

Glace Bay, N.S.—More than 2,000 Cape Breton people have taken up the summer of the summer in the United States capital, and are still leaving at the rate of 25 a day.

BRITAIN LOSING CONTROL OF SEA IS CONTENTION

London.—Britain is losing control of the sea, according to the annual St. George's Day message of the Navy League.

"The league warns Britain that while she is building only five cruisers the United States and Japan each are building, or have projected, eight cruisers. The focus of sea power, the league contends, has shifted from European waters to the Pacific."

"We wish to draw attention to one important fact," the league declares. "In the course of this year the Australian Commonwealth and New Zealand for the second time in this century will welcome a fully armed Japanese battle fleet. They never have set eyes on a British battle fleet. They may well ask themselves to what extent they are losing their 'shield' if the day of trouble should dawn."

Egyptian Discloses Plot

Assassination of General Staff Planned Many Political Murders

Cairo, Egypt.—The judicial authorities in Egypt have announced the confessions of some of the men accused in connection with the assassination last November of the Sirdar of Egypt, General Sir Stan. Abdel Patten Anayat, one of the accused, is quoted as declaring in the court that two larger cities and possibly the failure of the conversations between the Egyptian and British premiers in London on the Sudanese and Egyptian questions, he met with Sir Shafik Marout and Mahmud Ismail at Sir Shafik's house, when it was decided to commit a series of political murders, with the Sirdar as the first victim.

The declaration says the plot believed to be the intention of Egypt could only be gained by the political turkeys. All the persons mentioned in the Egyptian press have been arrested. Mahmud Ismail was an official of the ministry of public foundations.

King Boris a Prisoner

Reported That He Is Detained In The Royal Palace

Bucharest.—A Romanian journalist to the Tribune says that King Boris of Bulgaria has been imprisoned in the Royal Palace by the order of General Lascari, because the Nationalist military element objected to the king's removal to the President's residence to permit the formation of a coalition cabinet, including opposition elements.

Another dispatch from Belgrade just sent by way of Vienna, declares that King Boris is confined by Minister of the Interior Kuznetsov's declaration before the Bulgarian National Assembly, regarding the activities of the Jugoslavians in the Balkans, and demands an explanation and is threatening to break off diplomatic relations.

Will Build Pullman Airplanes

To Be Used For Trans-Continental Commercial Flights

Chicago.—Plans for the construction by the Pullman Company at Pullman, Ill., of fleets of all-transport airplanes for service in trans-continental commercial air flight, have been revealed by the chief engineer of the company. About Town and Country

Clean up! Paint up!

Under instructions from R. C. Webster, B. H. Dial, auctioneer, will sell at public auction, his household goods etc. at his residence in Oyen, on Saturday, May 2. Sale to commence at 2 o'clock. Terms cash.

Born—To Mr. and Mrs. J. Jensen of Myleen, at Oyen Hospital on April 23, a son.

Born—To Mr. and Mrs. R. A. Nichol of Cappon, on Monday, April 23, a son.

Mr. and Mrs. G. Pigeon of Drumheller, who have been visiting Mr. and Mrs. J. V. Sullivan, returned to their home last Saturday.

Percy Carrol of Cappon, who was formerly brought in to Oyen Hospital, suffering from a compound fracture in the leg, caused by being kicked by a horse, is reported to be getting on satisfactorily.

Daniel Macgregor, managing director of the Fuego Oil Co. returned to Oyen yesterday from Independence, Mo., where he attended the annual convention of Latter Day Saints.

Mr. Western Ostrander who has been living in Fort Pierce, Fla., for the last sixteen months, returned to Oyen yesterday. He was accompanied by Mrs. Ostrander who met him at Winnipeg. Mrs. Ostrander left Oyen early in January to join her husband in Florida, but owing to restrictions in crossing the line she remained in Winnipeg and district visiting friends until her husband returned to Canada.

Auto owners are reminded that they should procure their 1925 license plates, which may be obtained in town, from F. C. Bliss.

Another nice rain last Wednesday. Now for some nice warm weather!

SIBBALD ITEMS

E. Kraft has returned from the States, where he has been spending the winter.

The dance and supper given by the Girl's Base Ball Club was a success, and \$17.00 was added to their funds.

H. S. Fizer left last week for Calgary, where he has procured employment.

T. Hanquist, has sold out his effects, rented his farm, and is leaving for the States.

V. Begg has purchased the Crisford home, and expects to move in as soon as he has finished redecorating.

The second rendering of the play "The Spinster's Return" drew a fairly good crowd, and added over \$25.00 to the Institute funds.

It is learned that William Leonard has disposed of his stock and his household effects and intends leaving the district.

A car of hogs was shipped last week from Sibbald, by Mr. Gibson of Oyen.

In Lighter Vein

The man who said nature was wonderful, must have been noticed women have two ears and only one tongue.

She: "How is it that widows generally manage to marry again?"
Her: "Because dead men tell no tales."

Mother—Let's go to a movie tonight.

Father—Have you asked daughter if we may and whether the play is one fit for we old folks to see?

One of our local shiks says that by the time some girls get all dressed up it's too late to go.

A South Dakota woman says she has lived to 100 years because she tends to her own business, which is probably true.

Following the obtaining of a mass of documentary evidence the Alberta Coal Commission will commence the holding of sitings as follows: Edmonton, May 5 to 8; Calgary, May 11 to 13; Drumheller, May 14 and 15; Lethbridge, May 18 to 20; Banff, May 21 to 23.

Alberta's Annual Musical Festival will be held this year at Lethbridge, from May 12 to 15, at which a large number of contestants are expected to be present.

The Alberta government's share of the surplus funds of the former wheat board of the Dominion is \$112,000 a check for which amount has been received by the provincial treasury.

CLASSIFIED ADS.

Canada's Child Immigrants

The tide of immigration is again flowing Canada-wards and prospects are that the number of incoming settlers this year will be in excess of those for any year since the outbreak of the war. It is also fairly evident that much greater care is being taken in the selection of immigrants by officers of the Department of Immigration and Colonization, whereas that was formerly the case, with the result that there is a fairer chance of these actually arriving in this country making a success of their venture.

Better machinery for the placing of settlers from the British Isles and assisting them in making a real start has been created under the arrangements arrived at between the Canadian and British Governments through the medium of the Overseas Settlement Committee. There is reasonable hope, therefore, that while there may be an increase in numbers, there will be a still more striking improvement in the quality of our new settlers and in the probabilities of their success in Canada.

Especially satisfactory is the increased interest being taken both in Great Britain and in Canada in the subject of child migration and settlement in this Dominion. Last year a delegation was appointed by the British Government, on the request of the Canadian Government, to visit Canada and obtain first-hand information on this very important aspect of immigration, which delegation has now an instructive and convincing report. At the same time the Committee of the Social Service Council of Canada on Immigration and Colonization concentrated its attention last year upon the question of child and juvenile immigration, and it, too, has made a comprehensive report on the subject.

Unquestionably there is much to be said both for and against child immigration, although it is probably much easier to advance objections than it is to cite cogent reasons in support of such immigration, but the conclusions reached by both the investigating bodies above referred to appear to favor such immigration within reasonable limits, providing necessary care is taken in the matter of selection of these young immigrants, and proper supervision undertaken after their arrival in Canada, first in the matter of placement in foster homes or as apprentices, and later that they are protected and assisted until well established in Canada.

In support of child immigration there is the definite conclusion of the British delegation that the prospects for these boys and girls in Canada are better than they would have been had they remained in the United Kingdom. There is the further fact that Canada needs population, and that it is the desire of most Canadians that a preponderant number of immigrants should be of British birth. Then there is the argument that these children will more easily become adapted to Canadian ways and more readily absorbed into the life of the community than would be the case with those more advanced in years.

On the other hand it is urged that as many of these children are "Poor Law Children" who have become charges of Boards of Guardians through poverty or other failure of the home, or who have been committed to industrial schools for offences, or are orphans or "under-privileged" children whose homes are unsatisfactory for one cause or another, they constitute a real menace to Canada as future citizens and the parents of Canadian-born children.

The responsibility for final approval of children to be emigrated to Canada rests, however, with the Canadian Government officials in England who have it in their power to reject any child recommended for emigration. It follows, therefore, that if proper inspection and examination takes place and close inquiry made into the antecedents of each child, much of the danger to be apprehended from the above causes can be avoided.

Both the British and Canadian investigating bodies are unanimous in recommending the immigration of very young children and they are agreed that only boys and girls who have reached the school-leaving age should be allowed to emigrate, except, of course, those who are accompanying their parents.

It is likewise the opinion of the Canadian investigating committee that after these children have been placed in their adoptive homes, it is still necessary that some plan of supervision, protection and helpful assistance be provided by the Department of Immigration. If they are not to fail by the wayside instead of becoming happy and successful citizens, an asset rather than a liability to the Dominion.

Corn Growing Develops

Greater acreage than ever will be in corn in Southern Alberta this coming season, it is reported. Last year the acreage in the southern part of the province was about 50,000 acres and it is expected this will be doubled. Lethbridge board of trade plans to hold a corn show in that city in the fall.

The favorite Scottish instrument—the bagpipes—was first invented in Greece, in 300 B.C.

Ducks Killed By Striking Bridge

Flying northwest in solid formation, a flock of wild ducks struck the upper arch of the steel bridge at Niagara Falls, and 50 were killed. The leader of the flock struck the trailing wing the flock broke, some going upward and others down. The latter were dashed to death against the face of the bridge.

The first "express" elevators in Germany were first being operated in the Hotel Esplanade, Berlin.

British Capital Available

Real Enterprises Will Have Plenty of Investors

"English investors are available people and are unlikely to visit upon genuine Canadian enterprises their legitimate grievances in connection with Grand Trunk must not."

This is the remark of the Financial Times, in connection with statements regarding Canadian mines, made by Mr. McIntosh Bell, before his departure for Canada, which have been largely used in the British financial press. Bell and his colleagues have an enviable reputation for energetic development by straight and fair financial methods.

In the foregoing an interview of the Keeley and Vipond developments in Ontario. He stated that Vipond had been acquiring neighboring properties since 1914.

BLEMISHES OF THE SKIN

Are Proof the Blood is in a Weak and Watery Condition

One of the worst signs that indicate a weak and watery condition of the blood is the appearance of blemishes on the face or body. The same blemishes are indicated by an attack of eczema or psoriasis, or by any other purrative condition, as so many people who suffer from these blemishes do not know it.

Purging is merely a temporary relief. The blood is still weak. What is needed when the blood is in this condition is a tonic which will restore it to its normal state.

For this purpose there is no other so effective as Dr. Williams' Pink Pills from Scotland. It not only cleanses the blood, drives out the impurities, but it also builds up the system, restores the vitality, and gives the body a new lease of life.

For the benefit of others who take these pills do not fail to tell them. They are suffering from the same trouble. I am delighted with the results. I have been able to do my work, and I feel better than I have for years.

Dr. Williams' Pink Pills are recommended by the most famous physicians in the world. They are the only pills that will cure the blood, and they are the only pills that will build up the system.

After taking them I found a decided improvement in my appearance, and to my joy the pimples were disappearing from my neck. I perceived in the morning that the pills were doing me good. I was able to do my work, and I feel better than I have for years.

Since that time I have been in robust health and heartily recommend Dr. Williams' Pink Pills to all who are suffering from impure blood.

Box from Dr. Williams' Medicine Co., Brockville, Ont.

A Great Ideal

All Sectional and Provincial Jealousies Must Be Removed

In closing his budget address Hon. J. A. Robb said:

"The immediate future looks brighter. But to achieve our destiny we must remove all sectional, all provincial, all jealousies from our hearts; we must keep faith; forget selfishness; let us of tongue and deed; remembering always that we are Canadian."

Athens Cannot Last when the greatest of all athletes is used. Dr. J. D. Thompson, of the University of Toronto, has been successful in his experiments with the use of the "Athletic" pills, which other preparations had failed to bring.

It brings life to even the most severe cases, and it is a patient to a condition of blessed relief. Surely suffering from this is no need when a remedy like this is so easily secured.

British Families Welcomed

Women in Different Communities Had Houses in Order

The 29 British families, which arrived in Halifax, Mass., 29 have been received in the various communities in which they have settled, with genuine cordiality, according to reports being made to Hon. J. A. Robb, minister of immigration. Officers of the land settlement branch of the department have directed the new arrivals to their homes, and in each community a committee of the neighborhood have set the houses in order, and in some cases even supplied the larder with immediate necessities.

One New York milliner has developed a profitable business by renting hats to women for special occasions.

Poland Is Warlike

Seeking to Intimidate Germany by a Show of Arms

Wilda two years Poland will be able to mobilize a larger army than the United States put into action during the war.

Forty-five divisions already have been organized among Polish reserves and the goal of the Polish general staff is 65 divisions, ready to step into uniform and shoulder their rifles. Thus the Poles seek to intimidate Germany.

General Sikorski, Polish minister of war, made these facts known in a recent edition of the Paris Matin. Sikorski complained that Poland was being kept in ignorance of Premier Herriot's complete past negotiations.

"It is our duty to prepare for every eventuality," Sikorski said. "We have two exposed frontiers. We are aware that Germany is ready for instant mobilization directed against Poland."

"Just now we have 45 divisions; two years hence we shall have, perhaps, 65 divisions, representing 1,000,000 men and 10,000 guns."

Standing army numbers 300,000 men. We have a special cavalry corps and an independent force of machine guns. It is necessary to demonstrate to the world that the day Poland is invaded, the nation rises to arms."

Praise For Western Universities

Eastern Observer Has Good Word to Say

Dr. C. M. Hinks, medical director of the Canadian national committee for mental hygiene, has returned to Toronto from a tour of the western provinces, in which he was accompanied by Edwin Embree, of the Rockefeller Foundation.

Dr. Hinks devoted much of his time to a study of the western universities and was much impressed by them.

"Canadian universities are to be proud of their seats of higher education," said Dr. Hinks. "The University of British Columbia has the finest location in the world for a study of the west, and it has also some splendidly developed departments."

The University of Alberta, he said, was distinguished for its medical school and research facilities, and Dr. Hinks was also enthusiastic about the universities in Saskatchewan and Manitoba.

The hygiene movement, he said, was doing well in the west, particularly in Manitoba, where there is a "hygiene" or "sanitary" system of the mental cases.

Field Marshal Haig's Visit

Proposal Is Made to Change Date of Arrival at Ottawa

A change in the date of the visit to Canada of Field Marshal Haig is proposed in a cablegram received by the Dominion command, G.W.C.A., from the London headquarters of the British Empire Service League. With the previous arrangements, it was found that the governor-general, Lord Byng, could not be in Ottawa for the official welcome, so it is now proposed to advance the date of Haig's arrival to Sunday, June 28, instead of July 19, so that His Excellency may be present.

Under the new arrangement, the conference of the British Empire Service League will open in Ottawa on June 28, continuing for three days, after which the field marshal and Countess Haig, their daughter, Lady Alexandria, and party will make a brief tour of Canada, going west to Winnipeg.

A GOOD NIGHT'S REST

Do you realize that you spend one-third of your life in bed? Get real rest on a Simmons Mattress. Read every word of this special offer on

Beds and Mattresses

*There are Thousands of Mattresses in the Province Unfit to Sleep on.
If you need a new one our offer will appeal to you.*

CONSIDER THIS: You sleep on your mattress night after night and year after year. It cannot be washed. It has been next to your body every night. The warmth of the body opens the pores of the skin; the radiation reaches to the centre of the mattress—and it cannot be washed. The life of a mattress is five to ten years. It should be used no longer. We make it possible for you to replace your old mattress profitably.

So you will no doubt, read this announcement very carefully, and note the exact nature of it. Note the remarkable offer.

This is the only sale of its kind in this district. At no other store can you get exactly the same benefits as this, for no other store can copy us here.

Take a minute to consider the condition of your mattress. Consider the length of time you have had it. Consider carefully before you reject this offer. It may not come again.

Here and There

The Universal Film Company is perfecting its plans for filming the Calgary Stampede this summer as part of a forthcoming production in which Host Gibson will star. This will involve an expenditure of about \$100,000.

Canadian exports to France in 1924 were valued at \$42,826,000 francs as against imports from that country of \$33,264,000 francs. There has been a marked increase in trade of late years which is attributed partly to the Treaty of Commerce and the propaganda work of the Canadian Pacific Exhibition train.

S. Frank Mussard of the South African Irrigation Association, Johannesburg, who has just completed an independent investigation of the agricultural conditions throughout Canada has stated that he is "perfectly satisfied with the possibilities Canada has to offer the right type of settler."

"Mountie" the lead dog of the famous Chateau Frontenac husky team realized \$1,200 during the Humane Society tag-day at Toronto recently. He collected on behalf of this organization throughout the city and the tag that was sold was decorated with his portrait.

Broadcasting of copyright songs in the United States is declared subject to copyright fees or royalties just as much as publication by other methods of performance. This decision, which has considerable bearing on the Canadian Copyright Bill now under discussion in Ottawa was reached as a result of a recent test case in the United States.

Approximately five millions dollars will be spent in maintaining and constructing new highways within the Province of Quebec during the present year. At present there are 2,586 miles of highway in the province stretching into all parts of Quebec and linking up with the main roads in the U.S. and the sister provinces to the East and West.

According to a report prepared by the Merchants Exchange of Vancouver, forty-two regular steamship lines are now operating out of that harbor, the gross tonnage for last year being 14,473,518 which is over a million tons in excess of the 1923 figures. The Canadian Pacific Railway is now erecting a new pier there which will be one of the finest and largest on the continent.

The Campbell River Company of White Rock has purchased the entire holdings of the James Logging Company of Vancouver which include 35,000 acres of timber lands, containing over two billion feet of logs, a saw mill with a capacity of more than 50,000 feet of lumber a day, three large tugs and a complete logging outfit. A sum of more than five millions dollars is said to be involved.

Every Old Mattress Will Be Destroyed By Being Burned

WE MAKE this offer to you under the positive guarantee that every old mattress taken in by us will be destroyed by being burned. We want you to understand very clearly, so that there will be no lingering thought of the old mattress or its contents being taken in and used for some other purpose. We are immovably committed not to trifle in Used Mattresses, for we understand the harm caused, as well as the trouble arising from this practice. Old and used mattresses are prolific spreaders of all kinds of diseases. In the United States there are very stringent laws concerning this, but unfortunately there are none in Canada. Never buy a used mattress. You can never know where it has been. You would never dream of buying a used tooth brush, and yet a mattress that strangers have slept on might cause you more harm. That's why we emphasize the fact that Every Old Mattress Will Be Destroyed and Burned.

Extraordinary Offer!

\$3

will be paid for every old Bed Mattress, regardless of its condition, providing it is replaced with one of our New Cotton Felt Mattresses or Box Springs listed in this advertisement. This offer is made possible by the co-operation of SIMMONS LTD.

Owing to our sales contract we are unable to include the Osgermoor Mattress in this offer, but every other White Cotton Felt Mattress is included.

This Offer Is Genuine

We have not raised the prices to take care of the \$3 offer for your old mattress. This offer was made possible by the generous co-operation of SIMMONS LTD. IT IS ABSOLUTELY GENUINE.

Every New Mattress is of the Finest Quality

YOU really need no further guarantee of quality other than the mere name of SIMMONS LTD. You have read the advertising published from time to time by this famous manufacturer. You will have seen it in the magazines and in the newspapers. That advertising is virtually a guarantee of highest quality. If there was a flaw or a fault in an advertised article such as Simmons Bedding, the makers would never dream of putting their name on it. Therefore, you may rest assured that every mattress offered in this sale, every particle of Simmons Bedding that we handle and sell, is a first class value and of genuine construction. Only pure cotton is used in the mattresses offered below. Only the most careful workmanship is employed in the manufacture. You have nothing to fear when you see a Simmons label. You can have our full assurance that you are receiving complete value for your money.
